

"EZ18"

Benefits of "EZ18"

Deep Cleans Surfaces

Enhances Natural Processes

Eliminates Unsightly Areas

Reduces Pollution Liability

Lowers Disposal Costs

Product Description - Hydrocarbon-Hard Surface Cleaner

"EZ18" Liquid Bacteria HYDROCARBON DEGRADER contain strains of microorganisms, selected for their synergistic qualities to biodegrade hydrocarbons. **"EZ18"** microorganisms are selected for their performance under aerobic and anaerobic conditions.

Formulated in **"EZ18"** are surfactants, to allow penetration into grease deposits and speed up the biological process.

To assure optimal performance of these organisms, under the toughest conditions, they are produced and blended together with "high potency" nutrients, stimulants and surfactants.

"EZ18" contain organisms that will degrade a wide range of hydrocarbons including: gasoline, diesel, crude oil, benzene, toluene, ethyl benzene and xylene.

"EZ18" is formulated for optimum cleaning of hard surfaces contaminated with petroleum products.

One gallon will treat about 1000 square feet. Repeat application on a regular basis.

For hard surfaces such as concrete dilute the product at least 20 to one with water and spray over the area. Allow to soak for several hours or overnight then rinse the surface.

"EZ18" can be used on hard surfaces such as concrete, asphalt, wood, metal, porcelain, plastics, gravel and railroad ballasts. **"EZ18"** can also be used on soils and beaches and is suitable for cleaning many textiles.

Digests and Liquefies:

Hydrocarbons
Gasoline
Diesel Fuel
Petroleum Oils

Clean-Up Local Oil Spills with "EZ18"

**Petroleum Compounds,
Phenol, Polynuclear
Aromatics, Sulphides,
Alcohols and Similar
Solvents**

PACKAGING DESCRIPTION:

“EZ18” is available in 25 and 50 pound containers.

SPECIFICATIONS:

Form:	Free-flowing liquid
Color:	Pale Green
Fragrance:	Lemon
Specific Gravity:	1.0
Nutrient Content:	Biological nutrients and stimulants
Plate Count:	100 billion per liter 400 billion per gallon

STORAGE:

DO NOT FREEZE! Store in cool dry location.
Do not inhale dusts, avoid excessive skin

Case History 963

Oil Contaminated Soil

“EZ18” removes fresh and aged hydrocarbons from railroad ballast and the gravel around tank farms. When used regularly around maintenance areas, “EZ18” eliminates unsightly oil contaminated surfaces.

Bio-Augmentation Plus Surfactants

ENVIRO-ZYME “EZ18” can be diluted approximately 20:1 and used in aqueous parts washers. Actual usage and dilution needs to be determined for each parts washer.
